5A Holly Li

**However, Simon played computer games at home at night. He forgot to study the dictation. On the dictation day, he failed. He got low marks, so his mum was very angry. Miss Liu wrote a note to him, 'You are clever but you need to work hard.'**

### Johnny and Carrie bumped together

Reported by Holly Li 5A

Johnny and Carrie bumped together and the salad fell yesterday at recess.

Carrie ran with a bowl of salad while Johnny was heading downstairs. Then, Johnny bumped into Carrie while she was running. After that, the salad fell and Johnny and Carrie got dirty with the salad dressing.

Next, Carrie cried loudly since she got dirty and Johnny said that he was so sorry. After a few minutes, Carrie said, 'I am sorry too. If I do not run, it will not happen.'

Luckily, nobody was hurt. However, the teacher was angry since they spilled the salad and made the uniform dirty.

### Church is Love

5A Joshua Mui

Church is a place full of trust,

Love, peace, warmth and fun.

Church is the place we get together,

To worship God.

Here we sing songs,

Here we read the Bible,

We join the fellowship,

We have joy.

Church is the place we get together,

Our wonderful church.

### Home is Love

Home's a place full of love and energy,

Warmth, interest and comfort,

Home's the place we get together,

To smile and to cry.

Here we play,

Here we sleep,

We take a bath,

Play card games.

Home's the place we get together,

Our loving home.

## My School Picnic

**It was sunny and warm so it was very good for having a school picnic. I went to Sai Kung Country Park where I have been there before. I went there with Miss Tang who was my English teacher and my classmates who like school picnics, too.**

**I walked to Sai Kung Country Park after I took the school bus. We ate food before we played games. I preferred eating fish balls, steak and sausages to eating beef balls, chicken wings and mushrooms. I preferred drinking juice to soft drinks.**

**Then, we played hide and seek and played badminton. The game I liked most was playing badminton since it was relaxing.**

**Today I was happy since I ate a lot of tasty food and played interesting games.**

Sunny and hot

Today, my mother, father and I went to the beach. First, we went to a supermarket and bought some snacks. Then, we went to the bus station. When we arrived at the beach, I changed my swimming suit. I jumped into the sea. The water was so cold but I was so happy and excited. I was tired and hungry, so I ate some snacks. I built a sandcastle. We had lots of fun today.
